WELCOME FROM THE FOUNDER

Welcome to our new season

We're excited to meet, know and tour with fellow archaeology, history and culture enthusiasts who share a love of discovery (and wine!).

We're different from other archaeology and history tour companies in important ways. Perhaps because we're younger, we don't sacrifice scholarly depth for a fun, relaxing and rejuvenating vacation. We can do it all, and that makes every day on tour with us exciting and pleasurable. As you read the new catalogue, you'll see how each tour is designed around a narrative arc, with fun, relaxation and time for personal moments and exploration built in.

From 2027 we are proud to be entering into a long-term partnership with the non-profit Mycenaean Foundation to offer tours in Greece. The Foundation's resources, and the guiding expertise of its President, Professor Christofilis Maggidis, who directs the Lower Town excavations at Mycenae, will allow for unique experiences and expert perspectives.

My husband, Steve, and I are looking forward to meeting you on tour, to laughing together and reflecting on our day's discoveries over regional food and wine, and to sharing our fascination for the past.

WHY TRAVEL WITH US

Go deep. Go local. Go back in time.

Small-group history and archaeology journeys, in the company of people who live, dig and guide where you travel.

"The archaeologist was definitely an added bonus because I'd never had an archaeologist in the trip before anywhere in 50 years."

CYPRUS TOUR GUEST

Led by local archaeologists

Every tour is guided by an eminent local archaeologist who has excavated major sites in that country.

Behind-the-scenes access

Partnerships such as the Mycenaean Foundation open doors, from behind the ropes at Mycenae to hands-on archaeology.

Never more than 12 guests

Small groups on every departure, so there is time for your questions at every site.

Mediterranean specialists

We specialize only in the Mediterranean, including journeys that combine two islands in one trip.

Founder-led and independent

Not part of a larger institution. We hire local archaeologists and guides first, and are a Responsible Travel member.

Wine, food and boutique stays

Regional wines and local specialties, luxury and boutique hotels, and private transport, all in the tour price.

NEW FOR 2027

Our partnership with the Mycenaean Foundation

From 2027 we are proud to partner with the Mycenaean Foundation, a Greek non-profit research and teaching institute led by Professor Christofilis Maggidis, President of the Foundation and Field Director of the Lower Town excavations at Mycenae.

Our Cradle of Democracy and Ages of the Peloponnese tours are created together with the Foundation.

Together we co-design itineraries that feel more like joining an expert field team than following a sightseeing route. Professor Maggidis and his colleagues shape the story on site, guide key visits, and open up behind-the-ropes areas, dig simulators and hands-on activities usually reserved for students and researchers.

Ask big questions, try real techniques, and see how discoveries are made, alongside the people pushing the research forward.
